

quires five years of Latin and three of Greek. The Scientific course requires only three years of Latin, no Greek, two years of Modern Language, and three of Science. The English course requires no Latin or Greek, but five years of Science and two of Modern Language. English, Mathematics and History continue throughout all courses.

The courses are arranged so as to be as nearly equal as possible in the amount of study required, and each is sufficient to prepare a student for university or college entrance.

It will be noted that some language other than English is required in all courses.
